

## **Information on Kiwifruit Crop Insurance Program**

The California Kiwifruit industry now benefits from the Kiwifruit Crop Insurance Program, sanctioned by the Federal Crop Insurance Corporation (FCIC). Starting with the 2024 crop, this federal program offers a new insurance option for kiwifruit growers. As a result, the Noninsured Crop Disaster Assistance Program (NAP) is no longer available for kiwifruit, given the availability of this federal insurance option.

Detailed information about the program can be found by clicking the links in the following USDA documents:

- [Kiwifruit Crop Provisions \(usda.gov\)](#)[Kiwifruit Crop Insurance Standards Handbook](#)
- [20690L Kiwifruit Loss Adjustment Standards Handbook \(usda.gov\)](#)
- [Crop Criteria \(usda.gov\)](#)

An overview, including eligible counties and insurance purchasing details, is available at:

[Kiwifruit Crop Insurance | RMA \(usda.gov\)](#)

---

### **AgriLogic Consulting**

AgriLogic Consulting plays a pivotal role in this transition. While enrollment for the 2024 crop year has concluded, it's important for growers to begin researching and preparing for the 2025 crop year. AgriLogic offers training webinars for agents and comprehensive resources to assist in this process.

Although the Kiwifruit Administrative Committee (KAC) is not responsible for overseeing or approving the content on external, non-Committee funded sites, you may choose to find more details about the Kiwifruit APH program, by visiting AgriLogic Consulting's website at:

[www.agrilogicconsulting.com/en/projects/360-kiwifruit](http://www.agrilogicconsulting.com/en/projects/360-kiwifruit)

---

**Growers are encouraged to take early action for the upcoming 2025 crop year enrollment.**

#### **Important Dates**

Sales Closing/Cancellation: November 20<sup>th</sup>

Coverage Begins: December 1<sup>st</sup>
